New York. Sept., 19, 1871.

Dear Sir.—During this year I welfood nine hundred cases of img diseases. In the lower words of the city the cases were of a very severe type. It was there my attention was called to Tutt's Expectorant, and I confess my surprise at its wonderful power. During a practice of twenty years, I have never known a medicine to act as promptly, and with such happy effects. It instantly subdoed the most violent fits of oughing, and invariably cured the disease in a few days. I cheerfully indorse it as the best lung medicine I ever used.

Medical Institute n Bowling Green, Ky., for the treatment of CHRONIC DISEASES ONLY.

Dr. Miner will visit Clarksville the last Friday in each Month, One Day Only, at the Franklin House,

Throat and Lung Department. Catarrh, Bronchitas, Consumption. Nasal Catarrh is said by many physicians to be an incurable disease, and their practice too fully corroborates their statement. As loathsome as this condition is, it is usually curable. To satisfy any sufferer from Catarrh, Dr. Miner will give a FREE TRIAL at his office of his modern and thorough treatment of this fearful malady.

Eye and Ear Department. Dr. Miner is a graduate of the only duly neorporated Eye and Ear College in the United States. All diseased conditions of he Eye and Ear scientifically treated. Medical Department.

In this department all old broken down chronic diseases are treated, such as Consumption, Asthma, Catarrh. Throat Affections, Bronchitis, Liver Complaints, Diseases of the Stomach and Bowels, Piles, Fistula, Diseases of the Kidneys and Biadder, Diseases of the Erain and Nervous System, Paralysis, St. Vitus Dance, Epilepsy or Fits, Spinal Exhaustion, Nervous Debility, Spasms, Hysteria, Rheumatism, Neuralgia, etc.

Female Complaints.

Lack of space forbids detailing the almost endiess list of these conditions. Or. Miner's treatment is most effectual. Can refer tomany cases in this place, and cordially invites the afflicted to consult him.

No harsh treatment; no friffing; no flattery; candid in our opinions and reasonable in our charges. From the fact that jealous and dishonestly disposed parties have opposed us, making statements to the public that owing to the rigid laws of Illinois regulating the practice of medicine, we had to fly to other States, because we were not a regular physician, we publish the following OUR STANDING.

BOWLING GREEN, Ky., June 23, 1879.
County Clerk, Esq., Cook Co., Chicago, Ill.
DEAR SIR—As there is a dispute regarding
Dr. C. A. Miner, from Chicago, being a regular physician and not having a certificate
from the State Board of Health authorizing
him to pursue the practice of medicine in
the State of Illinois, I am solicited to write
you and ascertain the facts. Clark A. Miner,
M. D., claims he is a regular physician; has
complied with all the requirements of the
State Board of Health; that he holds certificate of graduation No. 924, recorded in your
office June 15, 1878, book 1, certificate page
29. Please answer if Dr. Miner's statement
is correct.
Yours respectfully.
C. E. GRANT,
Clerk Morehead House.

CHICAGO, Ill., June 25, 1879. CHICAGO, Ill., June 25, 1879.

DEAR SIE—In answer to your inquiry of 2d inst., I would say that the statement of Dr. Clark A. Miner is correct in every parsicular. As the State Board of Health issue their certificates of this class only upon personal inspection of the diploma entiting the party to the M. D., there can be no doubt as to the Doctor being in possession of it.

Yours respectfully,

E. F. C. KLOKKE,
